Subject: RE: OSC Readiness/Colonial pipeline

I would need to check. We have our schedule laid out pretty good but I can reach out to the folks who oversee the oil courses and Gary. He would have to pay his own travel more than likely though.

Subject: OSC Readiness/Colonial pipeline

Hi Carter,

Hope all is well. The Colonial IC for my recent Colonial pipeline spill in Nashville was asking about opportunities to interact with EPA. I believe he attended the recent RRT meeting. I mentioned OSC Readiness, or whatever we call it now, as a potential option. Don't we occasionally have industry participate? I'm sure they may be willing to give a "pipeline 101" course. Thoughts?
